**A BILL
To Be Entitled**

An Act providing for the amount that may be allowed by County Boards of Trustees to the County Superintendents of Public Instruction for expenditures for office and traveling expenses in certain counties according to the last preceding Federal Census; repealing all laws and parts of laws, General or Special, in conflict herewith; and declaring an emergency.

Be it enacted by the Legislature of the State of Texas:

Section 1. In counties having a population of not less than Twenty-four Thousand and Sixty-three (24,063) and not more than Twenty-four Thousand, One Hundred and Thirty (24,130) inhabitants, and in counties having a population of not less than Twenty-two Thousand, Six Hundred and Twenty-nine (22,629) and not more than Twenty-two Thou-

sand, Six Hundred and Thirty (22,630), and in counties having a population of not less than Thirteen Thousand, Eight Hundred and Seventy-nine (13,879) and not more than Thirteen Thousand, Eight Hundred and Eighty (13,880), and in counties having a population of not less than Twenty-eight Thousand, Five Hundred (28,500) and not more than Twenty-eight Thousand, Seven Hundred (28,700), according to the last preceding Federal Census, the County Boards of Trustees may make such provisions as they deem necessary for office and traveling expenses of the County Superintendent of Public Instruction; provided that the amount of such expenditures for office and traveling expenses shall not exceed the sum of Six Hundred (\$600.00) Dollars per annum. The amount allowed shall be paid in the manner and in accordance with now existing laws governing the maintenance of the office of the County Superintendent.

Sec. 2. All laws and parts of laws, General and Special, in conflict with this Act are hereby repealed.

Sec. 3. The great diversity of conditions existing in counties with a population of not less than Twenty-four Thousand and Sixty-three (24,063), and not more than Twenty-four Thousand, One Hundred and Thirty (24,130), and in counties having a population of not less than Twenty-two Thousand, Six Hundred and Twenty-nine (22,629) and not more than Twenty-two Thousand, Six Hundred and Thirty (22,630), and in counties having a population of not less than Thirteen Thousand, Eight Hundred and Seventy-nine (13,879) and not more than Thirteen Thousand, Eight Hundred and Eighty (13,880), and in counties having a population of not less than Twenty-eight Thousand, Five Hundred (28,500) and not more than Twenty-eight Thousand, Seven Hundred (28,700), according to the last preceding Federal Census, and the large amount of traveling and the expense of such to the County Superintendent in spending a minimum of four (4) days per week in supervision of schools in such counties, many of which are a great distance from the office of the County Superintendent; and the many added duties creating

extra expenses to the office, and due to the financial conditions of the different county General Funds, counties have not been able to purchase supplies for the office, and the further fact that the sum of Three Hundred (\$300.00) Dollars per year now allowed by General Law to Superintendents of such counties is wholly inadequate to meet the expense of the County Superintendent incident to the work and traveling required, and thereby causing a great financial burden to be sustained by said County Superintendents, and in many instances materially reducing the efficiency of the office, constitute an emergency and an imperative public necessity, and authorize the suspension of the Constitutional Rule requiring bills to be read on three several days in each House, and said Rule be, and the same is hereby suspended, and that this Act shall take effect and be in force from and after passage, and it is so enacted.

S. B. No. 3.

A BILL**To Be Entitled**

An Act to validate, ratify, approve, confirm, and declare enforceable all levies and assessments of ad valorem taxes heretofore made by independent school districts in this State not in excess of the limit now provided by law, which are voidable and unenforceable because the same were made and adopted by resolution, motion, or other informal action, and because of the failure of the governing body of such districts to appoint the proper and statutory Board of Equalization; and which are in-

sufficient and voidable, or unenforceable on account of technical irregularities in the manner of preparing the books and reports of assessors assessing such property; and all equalizations of said valuations of such property for taxation purposes made by the Boards of Equalization acting for any such school districts, which are irregular or insufficient because the reports of such equalizations were adopted and accepted orally, or by other informal action; and the acts of making such equalization were made orally or informally, or in incomplete form; providing this Act shall not affect suits pending at the time same becomes effective, or those filed within ninety (90) days after effective date hereof; and providing further that this Act shall not validate any valuation placed upon property by any Board of Equalization or any Tax Assessor where such property has been valued in excess of its reasonable cash market value, or apply to districts situated wholly or partly in counties having a population of one hundred fifty thousand (150,000) or more according to the last preceding Federal Census, or where such property has been discriminated against as to value or placed upon the rolls at a higher value than property of like kind and character, or at a greater percentage of its value than other property assessed for taxation, and declaring an emergency.

Be it enacted by the Legislature of the State of Texas:

Section 1. That all levies and assessments of ad valorem taxes heretofore made by the governing body of any independent school district in this State, not in excess of the limit now provided by law, which are voidable or unenforceable because such levies were made and adopted by resolution, motion or other informal action, instead of having been made by order, as required by the Statutes of this State; and all assessments of taxes or assessments of property within the limits of any independent school district in this State, subject to taxation under the laws of this State, for taxation under such resolution, motion, or other informal action, which

are insufficient because of the failure of such governing body to appoint the proper and statutory Board of Equalization, as required by law, and which are insufficient, and voidable, or unenforceable on account of technical irregularities in the manner of preparing the books and reports of the assessors assessing such property; and all equalizations of said valuations of such property for taxation purposes made by the Board of Equalization acting for any such independent school districts, which are irregular or insufficient (because the reports of such equalization were adopted and accepted) orally, or by other informal action; and the acts of making such equalization were made orally or informally or in incomplete form, are each and all hereby validated, ratified, approved, confirmed, and declared enforceable, the same as though such levies and assessments of taxes had been made and adopted originally by the proper order, motion or resolution, duly passed, entered of record and signed by the proper officials of such governing body, and the same as though such assessments of property within such independent school districts for taxation purposes had been made in due and complete form, and the same as though said equalizations and the reports of each of the Boards of Equalization acting for said independent school districts had been made in due and regular form, and adopted and accepted in due and regular form. Provided, further, however, the terms of this Act shall not apply to such districts situated wholly or partly within counties having a population of one hundred thousand (100,000) or more according to the last preceding Federal Census. Provided, further, however, that this Act shall not validate any valuation placed upon property by any Board of Equalization or any Tax Assessor where such property has been valued in excess of its reasonable cash market value, or where such property has been discriminated against as to value or placed upon the rolls at a higher value than property of like kind and character, or at a greater percentage of its value than other property assessed for taxation. Provided, however, that this Act shall not affect any suit now pending in any Court of this

State, or that may be filed in ninety (90) days after the effective date hereof and shall not validate any levy, assessment or valuation made or placed on any property where any suit as aforementioned shall be or shall have been filed within the time aforementioned.

Sec. 2. The fact that some independent school districts in this State affected by this Act, have inadvertently and erroneously failed to comply strictly with the laws of this State, in assessing and levying ad valorem taxes for such districts for prior years, and are now unable to enforce the collection of the taxes for such years, create an imperative public necessity and an emergency, requiring the suspension of the Constitutional Rule requiring bills to be read on three several days in each House, and said Rule is hereby suspended, and this Act shall take effect and be in force from and after its passage, and it is so enacted.

On motion of Senator Hill, the Conference report was adopted by the following vote:

Petitions and Memorials.

Senator Hill received unanimous consent to have the following petition printed in the Journal:

To Hon. Joe L. Hill, State Senator, Austin, Texas.

Whereas, The newspapers of the State have given much publicity to the action of the Legislature in its investigation of the teaching of Communism in the State institutions of Texas; and

Whereas, It has become apparent that there are some grounds for the belief that it is being taught, or that it is being permitted to spread more than either of the teaching of true Americanism and loyalty to the Flag and State; and

Whereas, Such doctrine is contrary to the ideals of free government, and principles of liberty, and of true Americanism as subscribed to by the American Legion and other patriotic citizens of the State and Nation; and

Whereas, The Charles P. Rankine Post No. 195, American Legion, Henderson, Texas, has unanimously voted a condemnation of the teaching of Communism, and advocates instead the teaching of patriotism and loyalty to the Flag and Country; and

Whereas, The Resolution Committee was instructed to appeal to the district Representative and Senator to do all in their power to help in stamping out Communism or Com-

munist teachings in the State schools and Colleges;

Now, therefore, we, the Committee appointed, do hereby, in the name of Charles P. Rankine Post, American Legion, request our Representative and Senator to do all in their power to stop the growth of this un-American doctrine, and that this message be read to the House and Senate of the Legislature of Texas.

It is further resolved that a copy of this be sent to the Department Adjutant, American Legion, Austin, Texas.

Senate Bill No. 5.

A BILL

To Be Entitled

An Act creating and providing for an Unemployment Compensation System for the State of Texas; imposing a tax on employers of eight or more persons; making certain exemptions; providing for the enforcement and administration of this Act, and prescribing penalties and priorities in aid thereof; authorizing and providing for certain expenditures and disbursements; creating and providing for the Unemployment Compensation Commission; prescribing its powers and duties; providing for a State Employment Service; defining certain terms; providing that the Act shall be severable; providing for the termination of the Act under certain circumstances, and declaring an emergency.

Section 1. Whereas, Unemployment has become rampant during the economic depression, jeopardizing the general welfare of the people of Texas, and because insurance has not been provided for the unemployed workers during more plentiful years, the families of the working people of Texas have as a consequence suffered and the taxpayers of this State have been unusually burdened with the necessity of supporting on relief or otherwise a great many people whose normal activities make them self-supporting. Out of the economic depression has come the realization of the inadequacy of private and public charities, whose helpfulness is not to be disregarded. As a result of this inadequacy, increasing demands have continuously been made upon both the State and the Federal government for unemployment relief. During the past, no orderly and carefully planned program has been inaugurated to meet this need.

Whereas, The experience of the past few years has reflected the economic unsoundness of being required, during periods of economic difficulty, to pay large sums of money for direct relief and to support other emergency programs which might have been avoided by the payment of small orderly contributions during periods of economic

well-being, had a definite program of unemployment compensation been in force.

Whereas, It is detrimental to the moral, civil, and physical well-being of individuals to be sustained by charities and public grants. Past experience has further shown that oftentimes workers are unemployed through no fault of their own and of necessity are required to live by public charities. It is the purpose of this legislation, and the Legislature declares it to be the purpose of the State by this enactment to provide an orderly system of contributions for the care of the justifiably unemployed during times of economic difficulty, thereby preserving and establishing self-respect, reliance, and good citizenship.

Sec. 2. The Legislature therefore declares that, in its considered judgment, the public good and the general welfare of the citizens of this State require the enactment of this measure, for the compulsory setting aside of unemployment reserves to be used for the benefit of persons unemployed through no fault of their own. Therefore,

Be it Enacted by the Legislature of the State of Texas:

BENEFITS

Sec. 3. (a) Payment of Benefits.—Twenty-four months after the date when contributions first accrue under this Act, benefits shall become payable from the fund. All benefits shall be paid through employment offices, in accordance with such regulations as the commission may prescribe.

(b) Weekly Benefit Amount for Total Unemployment.—Each eligible individual who is totally unemployed (as defined in section 19 (1)) in any week shall be paid with respect to such week, benefits (computed to the next highest multiple of twenty cents) at the rate of fifty per centum of his full-time weekly wages but not more than \$15 per week, nor less than either \$5 or three-fourths of his full-time weekly wage, whichever is the lesser.

(c) Weekly Benefit for Partial Unemployment.—Each eligible individual who is partially unemployed (as defined in section 19 (j)) in any week shall be paid with respect

to such week a partial benefit. Such partial benefit shall be an amount (computed to the next highest multiple of 20 cents) equal to the difference between his weekly benefit amount (as defined in section 19 (q)) and five-sixths of his wages (as defined in section 19 (n)) for such week.

(d) Ratio Provisions and Duration of Benefits.—Benefits shall be paid each unemployed and eligible individual, with respect to his total or partial unemployment:

(1) In the ratio of one-fourth of his weekly benefit amount to each uncharged week of employment occurring except as otherwise provided in section 4 (e), within the one hundred and four consecutive weeks preceding the first week in any continuous period of unemployment, except that his aggregate benefits thus payable within any period of fifty-two consecutive weeks shall not exceed fifteen times his weekly benefit amount; and after such individual has exhausted his rights to benefits under this provision.

(2) In the ratio of one-twentieth of his weekly benefit amount to each uncharged week of employment occurring within the two hundred and sixty consecutive weeks preceding the first week in any continuous period of unemployment.

(e) Charging of Benefits Against Past Weeks of Employment.—Each individual's benefits shall be limited in accordance with the ratio provisions of subsection (d) of this section and shall be charged against those of his weeks of employment, against which benefits have not previously been charged hereunder, in the inverse chronological order in which such weeks occurred. In no event shall any one calendar week be chargeable as more than one week of employment (as defined in section 19 (p)). If during any one calendar week an individual has rendered services for more than one employer, his benefits shall be chargeable only against the week of employment for the employer by whom the plurality of his wages for such week was payable. If the amount chargeable against a particular week of employment under the provisions of subsections (d) (1) or (d) (2) of this section equals, respectively, less than one-fourth or less than one-twentieth of the

weekly benefit amount, the manner in which and the extent to which such week of employment shall be charged shall be in accordance with general rules prescribed by the commission.

(f) Determination of Full-Time Weekly Wage.—The "full-time weekly wage" of any individual means the product obtained by multiplying his "hourly rate of earnings" by his "full-time weekly hours," both of which shall be determined and redetermined at reasonable intervals in accordance with rules prescribed by the commission.

(1) An individual's "full-time weekly hours" shall be determined as follows: There shall be added together the hours worked by the individual in all those weeks of employment, occurring within the fifty-two weeks preceding the first week in any continuous period of unemployment, in which he worked thirty hours or more. Such total hours shall be divided by the number of such weeks, and the resulting weekly average shall constitute the individual's full-time weekly hours, until a subsequent determination is made. If the application of the above method would be unreasonable or arbitrary as applied to a particular individual, the "full-time weekly hours" for such individual shall be determined in accordance with fair and reasonable methods prescribed by the commission.

(2) An individual's "hourly rate of earnings" shall be determined by dividing his total wages for all his weeks of employment during which he was employed for at least his full-time weekly hours, occurring within the thirteen weeks preceding the first week in any continuous period of unemployment, by the total number of hours of employment within such weeks; the quotient so obtained shall be his hourly rate of earnings until a subsequent determination is made: Provided, That if the application of such method of determination would be unreasonable or arbitrary as applied to a particular individual, the "hourly rate of earnings" of such individual shall be determined in accordance with fair and reasonable methods prescribed by the commission.

(3) When by reason of the shortness of the time of the employment of the employee or another employee

engaged in the same class of work in the manner and for the time specified in the above subsections (f) (1) and (2), or where for other good and sufficient reasons it is found impracticable to apply the above subsections (f) (1) and (2), then the commission may, after fair notice and opportunity to be heard, determine the full-time weekly hours customarily worked, or the hourly rate of earnings customarily received (or both), by individuals employed in any trade or industry or any type of employment therein, in this State, in any part of this State or in any establishment in this State. Such determination shall be made and published in accordance with the provisions of this Act for general rules. Thereafter, until such determination is amended or rescinded, such weekly hours or such hourly rate of earnings, or both, shall be deemed to be the full-time weekly hours or the hourly rate of earnings, or both, of any individual employed in such trade or industry or type of employment or establishment for the greater part of his working time occurring within the fifty-two consecutive weeks preceding the first week in any continuous period of unemployment: Provided, That upon showing of good cause therefor, the commission may exempt any such individual from the application of such determination if it finds that the application thereof to him would be impracticable or inequitable.

BENEFIT ELIGIBILITY CONDITIONS

Sec. 4. An unemployed individual shall be eligible to receive benefits with respect to any week only if the commission finds that—

(a) He has registered for work at and thereafter has continued to report at an employment office in accordance with such regulations as the commission may prescribe.

(b) He has made a claim for benefits in accordance with the provisions of section 6 (a) of this Act.

(c) He is able to work, and is available for work.

(d) Prior to any week for which he claims benefits for total unemployment, he has been totally unemployed for a waiting period of two weeks with respect to which he received no benefits but during which

he was eligible for benefits in all other respects, except for the requirements of subsections (b) and (e) of this section, and was not disqualified for benefits under any provision of section 5 of this Act. Such two weeks of total unemployment need not be consecutive, but shall be accumulated over the period of thirteen consecutive weeks preceding any week for which he claims benefits, provided that this requirement shall not interrupt the payment of benefits for consecutive weeks of unemployment; and provided further that such two weeks of total unemployment occur after benefits first could become payable to any individual under this Act.

(e) He has had at least thirteen weeks of employment within the fifty-two consecutive weeks preceding the first week in any continuous period of unemployment; provided that if the commission finds that during such period of fifty-two weeks or the period of one hundred and four weeks provided in section 3 (d) any individual has been incapable of work because of some physical or mental disability, or has been engaged for the greater part of his working time in any week in self-employment or in performing services not subject to this Act, such period of fifty-two weeks for the purposes of this subsection or the said period of one hundred and four weeks for the purposes of subsection (d) of section 3, or both such periods, as the case may require, shall be extended by the duration of such incapacity, self-employment or services. No such extension shall exceed fifty-two additional weeks.

DISQUALIFICATION FOR BENEFITS

Sec. 5. An individual shall be disqualified for benefits—

(a) For the week in which he has left work voluntarily without good cause, if so found by the commission, and for the three weeks which immediately follow such week (in addition to the waiting period), as determined by the commission according to the circumstances in each case.

(b) For the week in which he has been discharged for misconduct connected with his work, if so found by the commission, and for not less than the one nor more than the nine

weeks which immediately follow such week (in addition to the waiting period), as determined by the commission in each case according to the seriousness of the misconduct.

(c) If the commission finds that he has failed, without good cause, either to apply for available, suitable work when so directed by the employment office or the commission or to accept suitable work when offered him, or to return to his customary self-employment (if any) when so directed by the commission. Such disqualification shall continue for the week in which such failure occurred and for not less than the one nor more than the five weeks which immediately follow such week (in addition to the waiting period) as determined by the commission according to the circumstances in each case.

(1) In determining whether or not any work is suitable for an individual, the commission shall consider the degree of risk involved to his health, safety, and morals, his physical fitness and prior training, his experience and prior earnings, his length of unemployment and prospects for securing local work in his customary occupation, and the distance of the available work from his residence.

(2) Notwithstanding any other provisions of this Act, no work shall be deemed suitable and benefits shall not be denied under this Act to any otherwise eligible individual for refusing to accept new work under any of the following conditions: (a) If the position offered is vacant due directly to a strike, lockout, or other labor dispute; (b) if the wages, hours, or other conditions of the work offered are substantially less favorable to the individual than those prevailing for similar work in the locality; (c) if as a condition of being employed the individual would be required to join a company union or to resign from or refrain from joining any bona-fide labor organization.

(d) For any week with respect to which the commission finds that his total or partial unemployment is due to a stoppage of work which exists because of a labor dispute at the factory, establishment, or other premises at which he is or was last

employed, provided that this subsection shall not apply if it is shown to the satisfaction of the commission that—

(1) He is not participating in or financing or directly interested in the labor dispute which caused the stoppage of work; and

(2) He does not belong to a grade or class of workers of which, immediately before the commencement of the stoppage, there were members employed at the premises at which the stoppage occurs, any of whom are participating in or financing or directly interested in the dispute; Provided, That if in any case separate branches of work which are commonly conducted as separate businesses in separate premises are conducted in separate departments of the same premises, each such department shall, for the purpose of this subsection, be deemed to be a separate factory, establishment, or other premises.

(e) For any week with respect to which he is receiving or has received remuneration in the form of—

(1) Wages in lieu of notice;

(2) Compensation for temporary partial disability, temporary total disability or total and permanent disability under the Workmen's Compensation Law of any State or under a similar law of the United States; or

(3) Old-age benefits under title II of the Social Security Act, as amended, or similar payments under any Act of Congress; Provided, That if such remuneration is less than the benefits which would otherwise be due under this Act, he shall be entitled to receive for such week, if otherwise eligible, benefits reduced by the amount of such remuneration.

CLAIMS FOR BENEFITS

Sec. 6. (a) Filing.—Claims for benefits shall be made in accordance with such regulations as the commission may prescribe. Each Employer shall post and maintain printed statements of such regulations in places readily accessible to individuals in his service and shall make available to each such individual at the time he becomes unemployed, a printed statement of such regulations. Such printed statements shall be supplied by the commission to each employer without cost to him.

(b) Initial Determination.—A representative designated by the commission, and hereinafter referred to as

a deputy, shall promptly examine the claim and, on the basis of the facts found by him, shall either determine whether or not such claim is valid, and if valid, the week with respect to which benefits shall commence, the weekly benefit amount payable and the maximum duration thereof, or shall refer such claim or any question involved therein to an appeal tribunal or to the commission, which shall make its determinations with respect thereto in accordance with the procedure described in subsection (c) of this section, except that in any case in which the payment or denial of benefits will be determined by the provisions of section 5 (d) of this Act, the deputy shall promptly transmit his full finding of fact with respect to that subsection to the commission, which, on the basis of the evidence submitted and such additional evidence as it may require, shall affirm, modify, or set aside such findings of fact and transmit to the deputy a decision upon the issues involved under that subsection. The deputy shall promptly notify the claimant and any other interested party of the decision and the reasons therefor. Unless the claimant or any such interested party, within ten calendar days after the delivery of such notification, or within twelve calendar days after such notification was mailed to his last known address, files an appeal from such decision, such decision shall be final and benefits shall be paid or denied in accordance therewith. If an appeal is duly filed, benefits with respect to the period prior to the final determination of the commission, shall be paid only after such determination: Provided, That if an appeal tribunal affirms a decision of a deputy, or the commission affirms a decision of an appeal tribunal, allowing benefits, such benefits shall be paid regardless of any appeal which may thereafter be taken but if such decision is finally reversed, no employer's account shall be charged with benefits so paid.

(c) Appeals.—Unless such appeal is withdrawn, an appeal tribunal, after affording the parties reasonable opportunity for fair hearing, shall affirm or modify the findings of fact and decision of the deputy. The parties shall be duly notified of such tribunal's decision, together with its reasons therefor, which shall be deemed to be the final decision of the commission, unless within ten

days after the date of notification or mailing of such decision, further appeal is initiated pursuant to subsection (e) of this section.

(d) Appeal Tribunals.—To hear and decide disputed claims, the commission, if it is necessary to insure prompt disposal of cases on appeal, shall establish one or more impartial appeal tribunals consisting in each case of either a salaried examiner or a body consisting of three members, one of whom shall be a salaried examiner, who shall serve as chairman, one of whom shall be a representative of employers and the other of whom shall be a representative of labor; each of the latter two members shall serve at the pleasure of the commission and be paid a fee of not more than ten dollars (\$10) per day of active service on such tribunal plus necessary expenses. No person shall participate on behalf of the commission in any case in which he is an interested party. The commission may designate alternates to serve in the absence or disqualification of any member of an appeal tribunal. The chairman shall act alone in the absence or disqualification of any other member and his alternates. In no case shall the hearings proceed unless the chairman of the appeal tribunal is present.

(e) Commission Review.—The commission may on its own motion affirm, modify, or set aside any decision of an appeal tribunal on the basis of the evidence previously submitted in such case, or direct the taking of additional evidence, or may permit any of the parties to such decision to initiate further appeals before it. The commission shall permit such further appeal by any of the parties interested in a decision of an appeal tribunal which is not unanimous and by the deputy whose decision has been overruled or modified by an appeal tribunal. The commission may remove to itself or transfer to another appeal tribunal the proceedings on any claim pending before an appeal tribunal. Any proceeding so removed to the commission shall be heard by a quorum thereof in accordance with the requirements in subsection (c) of this section. The commission shall promptly notify the interested parties of its findings and decision, and shall send a certified copy of its order to all interested parties.

(f) Procedure.—The manner in which disputed claims shall be presented, the reports thereon required from the claimant and from employers, and the conduct of hearings and appeals shall be in accordance with rules prescribed by the commission for determining the rights of the parties. A full and complete record shall be kept of all proceedings in connection with a disputed claim. All testimony at any hearing upon a disputed claim shall be recorded, but need not be transcribed unless the disputed claim is further appealed.

(g) Witness Fees. — Witnesses subpoenaed pursuant to this section shall be allowed fees at a rate fixed by the commission. Such fees and all expenses of proceedings involving disputed claims shall be deemed a part of the expense of administering this Act.

(h) Appeal to Courts.—Any decision of the commission in the absence of an appeal therefrom as herein provided shall become final ten days after the date of notification or mailing thereof, and judicial review thereof shall be permitted only after any party claiming to be aggrieved thereby has exhausted his remedies before the commission as provided by this Act. The commission shall be deemed to be a party to any judicial action involving any such decision and may be represented in any such judicial action by any qualified attorney who is a regular salaried employee of the commission and has been designated and appointed for that purpose by the Attorney General of Texas.

(i) Court Review. — Within ten days after the decision of the commission has become final, any party aggrieved thereby may secure judicial review thereof by commencing an action in any court of competent jurisdiction in the county of claimant's residence against the commission for the review of its decision, in which action any other party to the proceeding before the commission shall be made a defendant. Such trial shall be de novo. In such action, a petition which need not be verified, but which shall state the grounds upon which a review is sought, shall be served upon a member of the commission or upon such person as the commission may designate and such service shall be deemed completed service on all parties, but there shall be left with the party so

served as many copies of the petition as there are defendants and the commission shall forthwith mail one such copy to each such defendant. Such action shall be given precedence over all other civil cases except cases arising under the Workmen's Compensation Law of this State. An appeal may be taken from the decision of the trial court, in the same manner, as is provided in other civil cases. It shall not be necessary, in any judicial proceeding under this section, to enter exceptions to the rulings of the commission and no bond shall be required for entering such appeal. Upon the final determination of such judicial proceeding, the commission shall enter an order in accordance with such determination. A petition for judicial review shall not act as a supersedeas.

CONTRIBUTIONS

Sec. 7. (a) Payment.—(1) On and after January 1, 1936, contributions shall accrue and become payable by each employer for each calendar year in which he is subject to this Act, with respect to wages payable for employment (as defined in section 19 (g)) occurring during such calendar year. Such contributions shall become due and be paid by each employer to the commission for the fund in accordance with such regulation as the commission may prescribe, and shall not be deducted, in whole or in part, from the wages of individuals in his employ.

(2) In the payment of any contributions, a fractional part of a cent shall be disregarded unless it amounts to one-half cent or more, in which case it shall be increased to one cent.

(b) Rate of Contribution.—Each employer shall pay contributions equal to the following percentages of wages payable by him with respect to employment:

(1) Nine-tenths of 1 per centum with respect to employment during the calendar year 1936;

(2) One and eight-tenths per centum with respect to employment during the calendar year 1937;

(3) Two and seven-tenths per centum with respect to employment during the calendar years 1938, 1939, 1940; and

(4) With respect to employment after December 31, 1940, the percentage determined pursuant to subsection (c) of this section.

(c) Future Rates Based on Benefit Experience. — The commission shall maintain a separate account for each employer, crediting his account with all the contribution which he has paid on his own behalf during each calendar year, and charging his account with all amounts paid within such year as benefits which, under section 3 of this Act, were charged against weeks of employment in his service. But nothing in this Act shall be construed to grant any employer or individuals in his service prior claims or rights to the amount paid by him to the unemployment compensation fund either on his own behalf or on behalf of such individuals. All contributions to the fund shall be pooled and available to pay benefits to any individual entitled thereto under this Act, irrespective of the source of such contributions. The commission shall, for the year 1941 and for each calendar year thereafter, classify employers in accordance with their actual experience in the payment of contributions on their own behalf and with respect to benefits charged against their accounts, with a view to fixing such contribution rates as will reflect such experience. The commission shall determine the contribution rate of each employer in accordance with the following requirements:

(1) Each employer's rate shall be $2\frac{7}{10}$ per centum, unless and until there shall have been three calendar years throughout which an individual in his employ could have received benefits if unemployed and eligible.

(2) Each employer's rate for the twelve months commencing January 1 of any calendar year shall be determined on the basis of his record up to the beginning of such calendar year. If, at the beginning of such calendar year the total of all his contributions, paid on his own behalf, for all past years exceeds the total benefits charged to his account for all such years, his contribution rate shall be—

(A) One and eight-tenths per centum, if such excess equals or exceeds $7\frac{1}{2}$ but is less than 10 per centum of his average annual pay roll (as defined in section 19 (a) (2));

(B) Nine-tenths of 1 per centum, if such excess equals or exceeds 10 per centum of his average annual pay roll.

If the total of his contributions, paid on his own behalf for all past periods or for the past sixty consecutive calendar months, whichever period is more advantageous to such employer for the purposes of this paragraph, is less than the total benefits charged against his account during the same period, his rate shall be $3\frac{6}{10}$ per centum, unless such employer shows to the satisfaction of the commission that such experience was due to an act of God, fire, or other catastrophe or act of civil or military authority, directly affecting the place in which individuals were employed by him, in which case his rate shall be $2\frac{7}{10}$ per centum.

Sec. 8. (a) Any employing unit which is or becomes an employer subject to this Act within any calendar year shall be subject to this Act during the whole of such calendar year.

(b) Except as otherwise provided in subsection (c) of this section, an employing unit shall cease to be an employer subject to this Act only as of the 1st day of January of any calendar year, if it files with the commission, prior to the 5th day of January of such year, a written application for termination of coverage, and the commission finds that there were no twenty different days, each day being in a different week within the preceding calendar year, within which such employing unit employed eight or more individuals in employment subject to this Act. For the purpose of this subsection the two or more employing units mentioned in paragraph (2) or (3) or (4) of section 19 (f) shall be treated as a single employing unit.

(c) (1) An employing unit, not otherwise subject to this Act, which files with the commission its written election to become an employer subject hereto for not less than two calendar years, shall, with the written approval of such election by the commission, become an employer subject hereto to the same extent as all other employers, as of the date stated in such approval, and shall cease to be subject hereto as of January 1 of any calendar year subsequent to such two calendar years, only if at least thirty days prior to such 1st day of January, it has filed with the commission a written notice to that effect.

(2) Any employing unit for which services that do not constitute employment as defined in this Act are performed, may file with the commission a written election that all such services performed by individuals in its employ in one or more distinct establishments or places of business shall be deemed to constitute employment for all the purposes of this Act for not less than two calendar years. Upon the written approval of such election by the commission, such services shall be deemed to constitute employment subject to this Act from and after the date stated in such approval. Such services shall cease to be deemed employment subject hereto as of January 1 of any calendar year subsequent to such two calendar years, only if at least thirty days prior to such 1st day of January such employing unit has filed with the commission a written notice to that effect.

UNEMPLOYMENT COMPENSATION FUND

Sec. 9. (a) Establishment and Control.—There is hereby established as a special fund, separate and apart from all public moneys or funds of this State, and unemployment compensation fund, which shall be administered by the commission exclusively for the purposes of this Act. This fund shall consist of (1) all contributions collected under this Act, together with any interest thereon collected pursuant to section 14 of this Act; (2) all fines and penalties collected pursuant to the provisions of this Act; (3) interest earned upon any moneys in the fund; (4) any property or securities acquired through the use of moneys belonging to the fund; and (5) all earnings of such property or securities. All moneys in the fund shall be mingled and undivided.

(b) Accounts and Deposit.—The State Treasurer shall be treasurer and custodian of the fund who shall administer such fund in accordance with the directions of the commission and the Comptroller shall issue warrants upon it in accordance with such regulations as the commission shall prescribe. The treasurer shall maintain within the fund three separate accounts: (1) A clearing account, (2) an unemployment trust fund account, and (3) a benefit account. All moneys payable to the

fund, upon receipt thereof by the commission, shall be forwarded to the treasurer who shall immediately deposit them in the clearing account. Refunds payable pursuant to section 14 of this Act may be paid from the clearing account upon warrants issued by the Comptroller under the direction of the commission. After clearance thereof, all other moneys in the clearing account shall be immediately deposited with the Secretary of the Treasury of the United States of America to the credit of the account of this State in the unemployment trust fund, established and maintained pursuant to section 904 of the Social Security Act, as amended, any provisions of law in this State relating to the deposit, administration, release, or disbursement of moneys in the possession or custody of this State to the contrary notwithstanding. The benefit account shall consist of all moneys requisitioned from this State's account in the unemployment trust fund. Moneys in the clearing and benefit accounts may be deposited by the treasurer, under the direction of the commission in any bank or public depository in which general funds of the State may be deposited, but no public deposit insurance charge or premium shall be paid out of the fund. The treasurer shall give a separate bond conditioned upon the faithful performance of his duties as custodian of the fund in an amount fixed by the commission and in a form prescribed by law or approved by the Attorney General. Premiums for said bond shall be paid from the administration fund.

(c) Withdrawals.—Moneys shall be requisitioned from this State's account in the unemployment trust fund solely for the payment of benefits and in accordance with regulations prescribed by the commission. The commission shall from time to time requisition from the unemployment trust fund such amounts, not exceeding the amounts standing to its account therein, as it deems necessary for the payment of benefits for a reasonable future period. Upon receipt thereof the treasurer shall deposit such moneys in the benefit account and the Comptroller shall issue his warrants for the payment of benefits solely from such benefit account. Expenditures of such moneys in the benefit account and refunds from the clearing account

shall not be subject to any provisions of law requiring specific appropriations or other formal release by State officers of money in their custody. All warrants issued for the payment of benefits and refunds shall bear the signature of the treasurer and the countersignature of a member of the commission or its duly authorized agent for that purpose. Any balance of moneys requisitioned from the unemployment trust fund which remains unclaimed or unpaid in the benefit account after the expiration of the period for which such sums were requisitioned shall either be deducted from estimates for, and may be utilized for the payment of, benefits during succeeding periods, or in the discretion of the commission, shall be re-deposited with the Secretary of the Treasury of the United States of America, to the credit of this State's account in the unemployment trust fund, as provided in subsection (b) of this section.

(d) Management of Funds upon Discontinuance of Unemployment Trust Fund.—The provisions of subsections (a), (b), and (c), to the extent that they relate to the unemployment trust fund, shall be operative only so long as such unemployment trust fund continues to exist and so long as the Secretary of the Treasury of the United States of America continues to maintain for this State a separate book account of all funds deposited therein by this State for benefit purposes, together with this State's proportionate share of the earnings of such unemployment trust fund, from which no other State is permitted to make withdrawals. If and when such employment trust fund ceases to exist, or such separate book account is no longer maintained, all moneys, properties, or securities therein, belonging to the unemployment compensation fund of this State shall be transferred to the treasurer of the unemployment compensation fund, who shall hold, invest, transfer, sell, deposit, and release such moneys, properties, or securities in a manner approved by the commission, in accordance with the provisions of this Act: Provided, that such moneys shall be invested in the following readily marketable classes of securities: Bonds or other interest-bearing obligations of the United States of America; And provided further, that such investment shall at all times be

so made that all the assets of the fund shall always be readily convertible into cash when needed for the payment of benefits. The treasurer shall dispose of securities or other properties belonging to the unemployment compensation fund only under the direction of the commission.

UNEMPLOYMENT COMPENSATION COMMISSION

Sec. 10. (a) Organization.—There is hereby created a commission to be known as the Texas Unemployment Compensation Commission. The commission shall consist of three members, one of whom shall be a representative of Labor, one of whom shall be a representative of Employers, and one of whom shall be impartial and shall represent the public generally. Each of the three members of the commission shall be appointed by the Governor immediately after the effective date of this Act or after any vacancy occurs in the membership of the commission. During his term of membership on the commission, no member shall engage in any other business, vocation or employment. Each member shall hold office for a term of six years, except that (1) any member appointed to fill a vacancy occurring prior to the expiration of the term for which his predecessor was appointed for the remainder of such term; and (2) the terms of office of the members first taking office after the date of enactment of this Act shall expire, as designated by the Governor at the time of appointment, one at the end of two years, one at the end of four years, and one at the end of six years after the date of his appointment.

(b) Chairman. — The chairman of the Texas Unemployment Compensation Commission shall be the impartial member of the commission, and shall in addition serve as the executive director of all divisions of the Texas Unemployment Compensation Commission.

(c) Divisions. — The commission shall establish two coordinate divisions: the Texas State employment service division pursuant to section 12 of this Act, and the unemployment compensation division. Each division shall be responsible for the discharge of its distinctive functions. Each division shall be a separate administrative unit with respect to personnel, budget, and

duties, except in so far as the commission may find that such separation is impracticable.

(d) Salaries. — The chairman of the Texas Unemployment Compensation Commission and executive director shall be paid from the Unemployment Compensation Administration Fund a fixed monthly salary at the rate of \$7,500 per year, and each of the other two commissioners shall from the same fund be paid a fixed monthly salary at the rate of \$5,000 per year. From and after September 1, 1937, any sums of money paid by the State out of State funds as salaries paid the commission shall be fixed in the regular departmental appropriation bill of the State of Texas.

(e) Quorum. — Any two commissioners shall constitute a quorum, provided, however, that whenever the commission hears any case involving a disputed claim for benefits under the provisions of section 6 of this Act, the impartial member of the commission shall act alone in the absence or disqualification of any other member, and in no case shall such a hearing proceed unless the impartial member of the commission is present. Except as hereinbefore provided, no vacancy shall impair the right of the remaining commissioners to exercise all of the powers of the commission.

(f) Employees. — No person shall ever be employed by the Unemployment Compensation Commission who is not at the time of his employment a bona fide citizen of the State of Texas or who will not have been a bona fide citizen of the State of Texas for at least five consecutive years immediately next preceding the date of employment.

ADMINISTRATION

Sec. 11. (a) Duties and Powers of Commission.—It shall be the duty of the commission to administer this Act; and it shall have power and authority to adopt, amend, or rescind such rules and regulations, to employ such persons, make such expenditures, require such reports, make such investigations, and take such other action as it deems necessary or suitable to that end. Such rules and regulations shall be effective upon publication in the manner, not inconsistent with the provisions of this Act, which the commission shall prescribe. The commission shall determine its own organization and

methods of procedure in accordance with the provisions of this Act and shall have an official seal which shall be judicially noticed. Not later than the first day of February of each year, the commission shall submit to the Governor a report covering the administration and operation of this Act during the preceding calendar year and shall make such recommendations for amendments to this Act as the commission deems proper. Such report shall include a balance sheet of the moneys in the fund in which there shall be provided, if possible, a reserve against the liability in future years to pay benefits in excess of the then current contributions, which reserve shall be set up by the commission in accordance with accepted actuarial principles on the basis of statistics of employment, business activity, and other relevant factors for the longest possible period. Whenever the commission believes that a change in contribution or benefit rates will become necessary to protect the solvency of the fund, it shall promptly so inform the Governor and the Legislature, and make recommendations with respect thereto.

(b) Regulations and General and Special Rules.—General and special rules may be adopted, amended, or rescinded by the commission only after public hearing or opportunity to be heard thereon, of which proper notice has been given. General rules shall become effective ten days after filing with the Secretary of State and publication in one or more newspapers of general circulation in this State. Special rules shall become effective ten days after notification to or mailing to the last known address of the individuals or concerns affected thereby. Regulations may be adopted, amended, or rescinded by the commission and shall become effective in the manner and at the time prescribed by the commission.

(c) Publication.—The commission shall cause to be printed for distribution to the public the text of this Act, the commission's regulations and general rules, its annual reports to the Governor, and any other material the commission deems relevant and suitable and shall furnish the same to any person upon application therefor.

(d) Personnel.—Subject to other provisions of this Act, the commission is authorized to appoint, fix the

compensation, and prescribe the duties and powers of such officers, accountants, attorneys, experts, and other persons as may be necessary in the performance of its duties. The commission shall not employ or pay any person who is an officer or committee member of any political party organization. The commission may delegate to any such person so appointed such power and authority as it deems reasonable and proper for the effective administration of this Act, and may in its discretion bond any person handling moneys or signing checks hereunder.

(e) Records and Reports.—Each employing unit shall keep true and accurate employment records, containing such information as the commission may prescribe and which is deemed necessary to the proper administration of this Act. Such records shall be open to inspection and subject to being copied by the commission or its authorized representatives at any reasonable time and as often as may be necessary. The commission may require from any employing unit any sworn or unsworn reports, with respect to persons employed by it, which the commission deems necessary for the effective administration of this Act. Information thus obtained shall not be published or be open to public inspection (other than to public employees in the performance of their public duties) in any manner revealing the employing unit's identity, but any claimant at a hearing before an appeal tribunal or the commission shall be supplied with information from such records to the extent necessary for the proper presentation of his claim. Any employee or member of the commission who violates any provision of this section shall be fined not less than \$20 nor more than \$200, or imprisoned for not longer than ninety days, or both.

(f) Oaths and Witnesses.—In the discharge of the duties imposed by this Act, the chairman of an appeal tribunal and any duly authorized representative or member of the commission shall have power to administer oaths and affirmations, take depositions, certify to official acts, and issue subpoenas to compel the attendance of witnesses and the production of books, papers, correspondence, memoranda, and other records deemed necessary as evidence in connection with a disputed claim or the administration of this Act.

(g) Subpoenas.—In case of contumacy by, or refusal to obey a subpoena issued to any person, any county or district court of this State within the jurisdiction of which the inquiry is carried on or within the jurisdiction of which said person guilty of contumacy or refusal to obey is found or resides or transacts business, upon application by the commission or its duly authorized representative, shall have jurisdiction to issue to such person an order requiring such person to appear before a commissioner, the commission, or its duly authorized representative, there to produce evidence if so ordered or there to give testimony touching the matter under investigation or in question; and any failure to obey such order of the court may be punished by said court as a contempt thereof. Any person who shall without just cause fail or refuse to attend and testify or to answer any lawful inquiry or to produce books, papers, correspondence, memoranda, and other records, if it is in his power so to do, in obedience to a subpoena of the commission, shall be punished by a fine of not less than \$200 or by imprisonment for not longer than sixty days, or by both such fine and imprisonment, and each day such violation continues shall be deemed to be a separate offense.

(h) Protection Against Self-Incrimination.—No person shall be excused from attending and testifying or from producing books, papers, correspondence, memoranda, and other records before the commission or in obedience to the subpoena of the commission or any member thereof or any duly authorized representative of the commission in any cause or proceeding before the commission on the ground that the testimony or evidence, documentary or otherwise, required of him may tend to incriminate him or subject him to a penalty or forfeiture; but no individual shall be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter, or thing concerning which he is compelled, after having claimed his privilege against self-incrimination, to testify or produce evidence documentary or otherwise, except that such individual so testifying shall not be exempt from prosecution and punishment for perjury committed in so testifying.

(i) State-Federal Cooperation.—In the administration of this Act, the

commission shall cooperate to the fullest extent consistent with the provisions of this Act, with the Social Security Board, created by the Social Security Act, approved August 14, 1935, as amended; shall make such reports, in such form and containing such information as the Social Security Board may from time to time require, and shall comply with such provisions as the Social Security Board may from time to time find necessary to assure the correctness and verification of such reports; and shall comply with the regulations prescribed by the Social Security Board governing the expenditures of such sums as may be allotted and paid to this State under Title III of the Social Security Act for the purpose of assisting in the administration of this Act.

Upon request therefor, the commission shall furnish to any agency of the United States charged with the administration of public works or assistance through public employment, the name, address, ordinary occupation, and employment status of each recipient of benefits and such recipient's rights to further benefits under this Act.

EMPLOYMENT SERVICE

Sec. 12. (a) State Employment Service.—The Texas State Employment Service is hereby transferred, without any change in personnel, to the commission as a division thereof, which shall establish and maintain free public employment offices in such number and in such places as may be necessary for the proper administration of this Act and for the purpose of performing such duties as are within the purview of the Act of Congress entitled "An Act to provide for the establishment of a national employment system and for cooperation with the States in the promotion of such system, and for other purposes," approved June 6, 1933 (48 Stat. 113; U. S. C., title 29, section 49 (c)), as amended. The said division shall be supervised by the Commissioner of the Bureau of Labor Statistics of the State of Texas, who shall be known as the director thereof, who shall administer such division and shall be charged with the duty to cooperate with any official or agency of the United States having powers or duties under the provisions of said Act of Congress, as amended, and to do and perform all things necessary to secure

to this State the benefits of said Act of Congress, as amended, in the promotion and maintenance of a system of public employment offices.

The director of the Texas State Employment Service shall at all times be subject to the rules and regulations and orders of the Texas Unemployment Compensation Commission in all things that affect the establishment and administration of a State Employment Service in so far as it is necessary to the proper administration of this Act. The Commissioner of the Bureau of Labor Statistics is hereby directed and authorized to appoint all of the officers and employees of the Texas Employment Service, such appointments to be in accordance with the regulations prescribed by the Director of the United States Employment Service.

(b) Financing.—All moneys received by this State under the said Act of Congress, as amended, shall be paid into the special "employment service account" in the Unemployment Compensation Administration Fund, and said moneys are hereby made available to the Texas State Employment Service to be expended as provided by this section and by said Act of Congress. For the purpose of establishing and maintaining free public employment offices, said division is authorized to enter into agreements with any political subdivision of this State or with any private, non-profit organization, and as a part of any such agreement the commission may accept moneys, services, or quarters as a contribution to the employment service account.

(c) Invalidity or Transfer.—In the event that this Act or any section thereof as may affect the Texas State Employment Service shall be held or declared unconstitutional or invalid, then in that event the Texas State Employment Service as administered by the Commissioner of the Bureau of Labor Statistics prior to the transfer herein authorized shall be and remain in full force and effect as it was prior to the passage of this Act.

UNEMPLOYMENT COMPENSATION ADMINISTRATION FUND

Sec. 13. (a) Special Fund.—There is hereby created in the State Treasury a special fund to be known as the Unemployment Compensation Administration Fund. All moneys

which are deposited or paid into this fund are hereby appropriated and made available to the commission. All moneys in this fund shall be expended solely for the purpose of defraying the cost of the administration of this Act, and for no other purpose whatsoever. The fund shall consist of all moneys appropriated by this State, and all moneys received from the United States of America, or any agency thereof, including the Social Security Board and the United States Employment Service, or from any other source, for such purpose, and shall be administered separate and apart from all public moneys or funds of the State. All fines and penalties collected pursuant to the administration of this Act are hereby appropriated to and shall be paid into this fund. All moneys in this fund, shall be deposited, administered, and disbursed, in the same manner and under the same conditions and requirements as is provided by law for other special funds in the State Treasury. All the rights, privileges, or immunities conferred by this Act or by acts done pursuant thereto shall exist subject to the power of the Legislature to amend or repeal this Act at any time.

Sec. 22. Separability of Provisions.

(a) If any section, subsection, paragraph, sentence, clause, phrase, or word of this Act, or the application thereof to any person or circumstance, is held invalid, such holding shall not affect the validity of the remaining portions of the Act, and the Legislature hereby declares that it would have passed such remaining portions despite such invalidity.

(b) In the event that the provisions of this Act which impose a compulsory contribution be declared invalid or void for any reason, the remainder of the Act shall nevertheless remain in full force and effect; and it is declared to be the intention of the Legislature that the remainder of the Act would have been enacted without the provisions imposing contributions. It is further enacted that in the event the provisions of this Act which impose contributions, are held invalid or void, all payments which have been voluntarily made under the provisions of the Act shall be and remain the property of the fund to which they are deposited; and that employers shall have the right to continue to make voluntary contributions for unemployment insurance under this Act.

(c) In the event it shall be determined and held by the courts that the provisions of this State Act imposing compulsory contributions is

invalid and void, it shall be the duty of the Commission to make such refunds to individual contributions as are entitled to the same.

Sec. 24. Provisions for termination of Act and Return of Contribution. — In the event the Supreme Court of the United States hold the Federal Social Security Act approved by the President August 14, 1935, unconstitutional or inoperative for any reason whatsoever, then in that event the powers, duties and levies herein provided for, shall have no further force or effect and the commission shall cease to function and all payments of levies and taxes made hereunder and then remaining unexpended shall be upon proper proof returned ratably to those making such payments, and it shall be the duty of the Unemployment Compensation Commission to perform this Act, and the Unemployment Compensation Commission shall remain in performance of this duty only until such Act has been performed.

Sec. 25. Emergency Clause.—The fact that Texas has no unemployment insurance system to supplement the Federal Social Security Program creates an emergency and an imperative public necessity requiring the suspension of the Constitutional Rule requiring bills to be read on three several days in each House, and the Rule is hereby suspended, and this Act shall take effect and be in force from and after its passage, and it is so enacted.
